Re: Rock Products Quarry
DOGM No. S/043/017

Dear Mr. Wurth:

We have reviewed a copy of your Notice of Intention to Commence Small Mining Operations. We received a copy of the notice from the Division of Oil, Gas and Mining on January 3, 1995.

This project is for removing ledge rock in Summit County. The disturbed mining area will be less than 5 acres. It does not appear that the operation as described will have any water quality impacts. No permit is required from this office for the stated activities.

If we can be of further assistance, please contact me.

Sincerely,

Lyle W. Stott, P.E.
Design Evaluation Section
